

September 8, 2009

Dear Board of Health Member,

I'd like to invite you to attend the New Jersey Local Boards of Health Annual Conference. It will be held Saturday November 14 at the Middlesex County Fire Academy. Our theme this year is ***Local Boards of Health and Emergency Preparedness; a Training Summit***. This training is designed specifically to meet the needs of members of Local Boards of Health as we face the major threat of an H1N1 flu pandemic. You will see from the attached brochure that the content of the day's training program will be invaluable. Additionally, you will have the opportunity to network with fellow Board of Health Members from across the state. There will also be representatives from other public health organizations that will provide additional resources for you. Please review the attached brochure and register as soon as possible.

At this meeting, we will be giving out awards recognizing a member of a Local Board of Health, Local Health Officer, Public Health Educator and Registered Environmental Health Specialist for outstanding achievement this past year. Please review the attached [nomination form](#) and feel free to nominate someone who is worthy of recognition.

Paul Roman

President
